Agriculture, Rural Development, Food and Drug Administration, and Related Agencies Appropriations Eligible Accounts

Agricultural Research Service, Buildings and Facilities:

Grants to purchase, construct, or improve essential community facilities, to purchase equipment, and pay other related project expenses. Essential community facilities include, but are not limited to, healthcare facilities, public facilities, public safety measures, educational services, or other community support services. Examples of eligible projects include; medical or dental clinics, town halls, courthouses, childcare centers, police or fire departments, public works vehicles, or distance learning equipment. Any project must serve a rural area as specified in 7 CFR 3570.53, and the Member's request must demonstrate community support.

Such requests are also subject to the maximum grant assistance limitations specified in 7 CFR 3570.63(b). Community Facilities grants generally cannot be used to pay initial operating expenses or annual recurring expenses, refinance existing debt, pay interest, build or repair facilities in non-rural areas, or pay for construction costs of facilities that will be used for commercial rental space.

Rural Development, Rural Community Facility Grants:

The Agricultural Research Service (ARS) owns and operates laboratories and facilities across the United States. Many of these laboratories/facilities are decades old, have outlived their functional lifespan, and are badly in need of major repairs, renovation, or replacement. Facility requests must be for ARS-owned facilities or for facilities that will enhance ongoing ARS work. Requests can assist in the acquisition of land, construction, repair, improvement, extension, alteration, and purchase of fixed equipment or facilities as necessary to carry out the agricultural research programs of the Department of Agriculture.

Applicants are strongly encouraged to provide details on the research to be conducted, why the research is a high priority, as well as details on the modernization and why it is critical in carrying out the research.

Rural Utilities Service, ReConnect Grants:

ReConnect broadband pilot grants facilitate broadband deployment in rural areas. Grants funds can be used for the costs of construction, improvement, or acquisition of facilities and equipment needed to provide broadband service to rural areas without sufficient broadband access, defined as 10 Mbps downstream and 1 Mbps upstream. The area must be rural and lack sufficient access to broadband service. A rural area is any area which is not located within: (1) A city, town, or incorporated area that has a population of greater than 20,000 inhabitants; or (2) an urbanized area contiguous and adjacent to a city or town that has a population of greater than 50,000 inhabitants. Sufficient access to broadband is defined as greater than 90% of any rural area in which households have fixed, terrestrial broadband service delivering at least 10 Mbps downstream and 1 Mbps upstream. Mobile and satellite services will not be considered in making the determination of sufficient access to broadband. Stand-alone middle-mile projects are not eligible under the ReConnect Program. However, middle-mile facilities are eligible if they are needed to bring sufficient broadband service to all premises in the area.

Applicants are strongly encouraged to include information in their requests, such as the number of households, businesses, or farms will be served in the area, what the performance of the service to be offered will be, and whether healthcare or educational facilities will be served.

Agriculture Appropriations Community Project Request Form

Projects cannot be designated for private individuals or for-profit entities. The Subcommittee will only accept legally eligible requests under the following accounts: Agricultural Research Service, Buildings and Facilities; Rural Development, Rural Community Facility Grants; Rural Utilities Service, ReConnect Grants.

Entity Requesting Funds (aka non-federal project sponsor):

Primary Point of Contact (name, email, phone number, organization address):

Project Priority (if non-federal sponsor is submitting more than 1 project):

Short description of the project to appear in the report:

Total Project Cost (including breakdown of federal/non-federal shares):

Requested Amount:

Sources of funding for the full share of the cost of the project if amount received is less than amount requested:

Whether the project has received Federal funding previously, and if so, the source and amount:

Complete Description of Project (limit 1000 characters, including spaces):

The website address of the proposed recipient:

If there are additional costs necessary to complete the project, have those been secured?

For rural development projects, is the project for an eligible purpose and does it meet all eligibility requirements under current law (Explain how it meets those requirements)?

Does the entity plan to make grants to other entities from the funds provided and if so, to which entities?

Why is the project a priority the community? Briefly explain the community benefits.

Has any funding for the project been included in any presidential budget and if so, how much, in which fiscal year, and in which agency or agencies and program(s)?

Has the project received federal funding before and if so, how much, when, and from which agency or agencies and program(s)?

For ARS B&F only, what is the estimated start date of the project? How soon could the feasibility/engineering design phase commence? [mm/yy]

For ARS B&F only, does the project have distinct and separable phases?

For ARS B&F only, what is the estimated completion date of the project? When does completion of construction occur? [mm/yy]

For ReConnect requests, please provide relevant information, such as the number of households, businesses, or farms that would be served, what the performance of the service to be offered will be, and whether healthcare or educational facilities will be served.

Commerce, Justice, Science and Related Appropriations Eligible Accounts

Byrne Justice Assistance Grants (JAG):

Byrne JAG Grants assist state, local, and tribal law enforcement efforts to prevent crime, improve the criminal justice system, provide victims' services, and other related activities. Community projects funded under this category must comply with the requirements cited in JAG statutes and be consistent with Justice Department guidance for the program.

The Committee encourages community project funding designed to help improve police-community relations. Historically, the Committee has not funded vehicles or building construction or renovation as part of community project funding under this account.

Community Oriented Policing Services (COPS):

Technology and Equipment Funding will be provided for community project grants for State, local, and tribal law enforcement to develop and acquire effective technologies and interoperable communications that assist in investigating, responding to, and preventing crime, provided that such equipment meets the applicable requirements of the National Institute of Standards and Technology (NIST) Office of Law Enforcement Standards (OLES).

This funding will allow recipients the opportunity to establish and enhance any of a variety of technical equipment and/or programs to encourage the continuation and enhancement of community policing efforts within their jurisdictions. These projects should help improve police effectiveness and the flow of information among law enforcement agencies, local government service providers, and the communities they serve.

Historically, the Committee has not funded vehicles or building construction or renovation as part of community project funding under this account. Recipients of community project funding under this account may not subgrant to other organizations or agencies.

National Oceanic and Atmospheric Administration (NOAA), Operations, Research, and Facilities:

Community project funding for NOAA will only be considered within the Operations, Research, and Facilities account. This account does not fund construction projects, and as such, any such requests will not be considered. Requests for funding will be considered for research, demonstration, or education projects performed by external partners or for prioritizing NOAA internal funds for geographically specific projects. Any such project must be aligned with NOAA's mission and within their existing authorities.

The subcommittee will **not** entertain requests for community project funding for the National Weather Service or the Office of Marine and Aviation Operations.

Coastal Zone Management funds are distributed to states on a formula basis and will not be considered for community project funding.

Historically, the Committee has not funded vehicles or building construction or renovation as part of community project funding under this account.

NASA Safety, Security, and Mission Services:

Funding must be for activities consistent with and supportive of the work of NASA's mission directorates and within the agency's authorities, such as STEM education activities and scientific research. Funding for building construction or renovation projects will not be considered for community project funding.

Commerce, Justice, Science Community Project Request Form

Note: Only non-profit entities, public institutions, and state and local government entities are eligible to request projects. Projects cannot be designated for private individuals or for-profit entities. The Subcommittee will only accept legally eligible requests under the following accounts: Byrne Justice Assistance Grants, COPS Technology and Equipment, National Oceanic and Atmospheric Administration--Operations, Research, and Facilities, National Aeronautics and Space Administration--Safety, Security and Mission Services. To be considered, the project must be legally eligible for grants under these accounts and comply with all applicable laws, rules, and regulations related to the specific grant program.

General Questions. with Additional Questions Below for Specific Accounts

Legally Eligible Account for Project Request (Byrne JAG, COPS T&E, NOAA ORF, or NASA SSMS):

Short description of the project to appear in the report:

Complete Description of Project (limit 1000 characters, including spaces):

Total Project Cost (including breakdown of federal/non-federal shares):

Requested Amount:

Provide detailed budget information as to how the funding is anticipated to be spent (attach budget if necessary).

Explanation of the request, including an explanation of why this is a good use of taxpayer funds:

Please indicate whether you have submitted a request for this same project to any other Member of Congress, if so, please list the Members and staff points-of-contact:

Additional Questions for BYRNE JAG Project Requests

What is the title of the project, and within what Federal agency and appropriations account would it be funded?

Provide a brief description of the project.

Please describe, with as much specificity as possible, the overall goals and objectives of the proposed project.

What is the requested dollar amount for this project for fiscal year 2022?

How much, if anything, is being requested for this particular project in the Administration's fiscal year 2022 budget request?

Has this same project request been submitted to another Appropriations subcommittee? If yes, which one?

What is the total cost to complete the project?

Is the requested project currently authorized in law? If yes, please provide a specific legal citation of such authorization.

Are the proposed project activities consistent with the activities of the Federal agency? [yes/no]

If the proposed project activities are not consistent with the activities of the Federal agency, why is the project being requested?

Has the project been funded in the past? [yes/no]

If the project has been funded in the past, how much funding has been provided to date?

How much funding, if anything, was enacted for this particular project in the fiscal year 2021 Appropriations Act?

If the project has been funded in the past, were such funds provided for discrete, severable activities?

Please specify any non-Federal sources of funding that have been or are fully anticipated to be applied toward the project, including any dollar amounts and timelines for funding.

If the proposed recipient is a non-Federal entity, please identify the non-Federal entity that would administer the funds once received.

Is there a letter from a non-Federal sponsor supporting this project?

Is the funding requested by a governmental or non-profit organization?

If a non-profit, is the entity for which funding is proposed a non-profit organization as described under section 501(c)(3) of the Internal Revenue Code of 1986 and exempt from tax under section 501(a) of such code?

For the proposed recipient of the funds, please provide the name, phone number, and e-mail address of the point of contact, as well as the recipient organization's full street address.

In which congressional district(s) is the project located?

Is the proposed recipient currently in material non-compliance of a prior grant award made by the proposed Federal funding agency? [yes/no]

Can the project obligate all of the requested funds by no later than 12 months after the enactment of the Appropriations Act? [yes/no]

If the Appropriations Committee is not able to provide the full amount of funding requested, can this project spend a smaller amount of appropriated funds within 12 months of the enactment of the Appropriations Act? [yes/no]

Describe and attach evidence of community support (e.g. (1) letters of support from elected community leaders, (2) press articles highlighting the need for the requested community project funding, (3) support from newspaper editorial boards, (4) projects listed in state intended use plans, community development plans, or other publicly available planning documents, (5) resolutions passed by city councils or boards, or (6) other compelling evidence of community support.):

Is this proposed project a priority for the local community? [yes/no]

If the project is not a priority for the local community, why is it being requested?

What is the estimated start date of the project? (mm/dd/yy)

What is the estimated completion date of the project? (mm/dd/yy)

Please describe the current developmental status of this project.

Is the intended recipient a for-profit entity? [yes/no]

Is this request consistent with all current statutory and regulatory requirements of Byrne Justice Assistance Grant recipients and subrecipients? [yes/no]

Is this project intended to serve primarily youth under age 18? [yes/no]

Is this request to fund primarily the purchase of a vehicle(s)? [yes/no]

Is this request to fund the acquisition of property or the construction or renovation of a building? [yes/no]

Has the intended recipient received any COPS or Byrne-JAG funds at any time in the past ten years? [yes/no]

If yes, in what fiscal years and for what purposes?

Regarding this request, please provide any additional information that would be useful for the Appropriations Committee to have.

Military Construction, Veterans Affairs, and Related Appropriations **Eligible Accounts**

Construction and Unspecified Minor Construction– Active Components:

Eligible community project requests include both construction and unspecified minor military construction projects for active components. An unspecified minor military construction project is a project that has an approved cost equal to or less than \$6,000,000. The types of projects under this heading include construction, installation, equipment of temporary or permanent public works, military installations, and facilities for the accounts listed: Army, Navy and Marine Corps, Air Force, Defense-Wide Agencies (SOCOM, DHA, etc.).

Construction and Unspecified Minor Construction– Reserve Components:

Eligible community project requests include both construction and unspecified minor military construction projects for Reserve Components. An unspecified minor military construction project is a project that has an approved cost equal to or less than \$6,000,000. Some Reserve Component projects require a State funding match. Requesting offices must determine whether the proposed project requires such a match and if so, confirm that the project has current State match funding before the request can be considered. The types of projects under this heading include construction, expansion, rehabilitation, and conversion of facilities for training and administration for the accounts listed: Army National Guard, Air National Guard, Army Reserve, Navy Reserve, Air Force Reserve.

Planning and Design:

The types of projects under this heading include improving facility resilience, study, planning, design, and architect and engineer services for the accounts listed: Army, Navy and Marine Corps, Air Force, Defense-Wide Agencies (SOCOM, DHA, etc.), Army National Guard, Air National Guard, Army Reserve, Navy Reserve, Air Force Reserve.

Lists of Eligible Community Projects:

The eligible lists of community projects are those that are submitted to Congress by the Secretary of Defense or his/her designee. Projects that only appear on a list or FYDP provided by a base commander will not be accepted. Such lists include:

- Future Year Defense Program (FYDP) – FYDP is a projection of the forces, resources, and programs needed to support Department of Defense (DOD) operations over a five-year span. The FYDP is released simultaneously with the President’s budget request. The updated document listing projects eligible for FY2022 will be obtainable after the FY2022 full budget rollout, through the Under Secretary of Defense (Comptroller) website: <https://comptroller.defense.gov/Budget-Materials/>.
- Unfunded Requirements/Unfunded Priorities Lists (UFRs/UPLs) – UFRs/UPLs are lists that each Service provides to Congress that identify priority projects which were not included in the President’s budget request. These lists must be approved by the Secretary of Defense. UFRs/UPLs become available to Congress on the date of the President’s full budget release (not skinny budget) and can be found by contacting the Congressional Liaison Offices of the Armed Services.
- Cost-to-completes (CTCs) – CTCs are projects that have previously received an appropriation but require additional funding for completion. These lists represent the requirements identified by each Service for the additional funding necessary to complete a project. The lists are approved by each Service Secretary and can be obtained by contacting the Congressional Liaison Offices of the Armed Services.

These lists include projects, ongoing and upcoming, that ensure long-term viability, better readiness, increased resiliency, improved living and working conditions for service members and their families, and significant cost savings in perpetuity. As indicated above, some Reserve Component projects will additionally

require corresponding State funding match. Please verify said funding before submission. The Committee will not waive match requirements.

Military Construction & Veteran Affairs Community Project Request Form

Note: Projects can only be designated for construction of military facilities. No requests for funding for private or non-profit entities will be considered. The subcommittee will not consider requests for community projects unless they appear on a list provided to Congress by the Secretary of Defense or his/her designee. Each project request must be for fiscal year 2022 funds only and cannot include a request for multiyear funding. In addition, to be eligible, requested projects must be shovel ready in fiscal year 2022 with 35 percent design complete and must be positioned to have contracts awarded in fiscal year 2022.

Entity Requesting Funds:

Primary Point of Contact (name, email, phone number, organization address):

Project Priority (if requestor is submitting more than 1 project):

Short Description of the project:

Complete Description of Project, its desired outcome, and how it would benefit the Department of Defense (limit 1000 characters, including spaces):

Which Service is the project for?

Installation Name:

Project Name and Amount:

Is the funding requested for planning and design costs?

Is the project for unspecified minor construction?

Is the project on the FY 2022-2026 FYDP?

Is the project on a Service unfunded requirement (UFR) or unfunded priority list (UPL)?

Is the project a cost-to-complete from a prior year? If so, what year?

Has a corresponding request been submitted to HASC?

Has this request been submitted to any other Members of Congress? If so, which members and who is the staff point-of-contact.

Energy and Water Development and Related Appropriations Eligible Accounts

Corps of Engineers –

- **Investigations**
- **Construction**
- **Mississippi River and Tributaries**
- **Operation and Maintenance**

Bureau of Reclamation – Water and Related Resources

Additional Guidance: All requests for the Corps of Engineers (Corps) and Bureau of Reclamation (Reclamation) accounts listed above should reflect a funding amount that can be realistically utilized in FY22. In the event that the Subcommittee cannot fully fund your request, the Subcommittee may reach out to the Corps and Reclamation regarding useful increments of funding. Please note that for the Corps, the Subcommittee may provide funding for a very limited number of new start projects, if any, in the Investigations, Construction, and Mississippi River and Tributaries accounts. While requests for new starts in these accounts will be accepted, please consider this limitation when making requests. Please note that for the Corps, the Subcommittee may provide funding for a limited number of Environmental Infrastructure projects, if any, in the Construction account.

Please note that for the Corps, the Subcommittee may include a very limited number of Continuing Authorities Program projects, if any, in the Construction account. While requests for specific projects will be accepted, please consider this limitation when making requests. Projects authorized under sections 4007, 4009(a), and 4009(c) of the Water Infrastructure Improvements Act for the Nation (WIIN) Act of 2016 (Public Law 114–322) will not be accepted.

Project Priority (if non-federal sponsor is submitting more than 1 project):

Short description of the project to appear in the report:

Requested Amount:

Has this project been submitted to any other Members of Congress? If so, which Member(s) and who is the staff point-of-contact:

Complete Description of Project, including purpose and benefits provided by the Community Project (limit 1000 characters, including spaces):

Please include documentation of community support (examples: Letters of support from elected community leaders (e.g. mayors or other officials); press articles highlighting the need for the requested Community Project Funding; support from newspaper editorial boards; evidence the project is listed on State intended use plans, community development plans, or other publicly available planning documents); resolutions passed by city councils or boards):

Why is the project a priority, including the local, regional, and/or national benefits provided by the project?

What is the total cost of the project? Please include funding requested broken out by discrete activity, if applicable.

If the request does not fully fund the project, describe where the remaining funding comes from to fund the project.

If the appropriations committee is not able to provide the full amount of funding requested, can this project start in a limited capacity? {yes/no}

Is this a new or ongoing project?

Please provide a history of funding for the project, including Federal, state, or local government; non-profit; corporate.

Are there matching funds associated with the requested funds? If yes, please list the source(s) and amount(s).

Will the funds go to an organization that will make sub-grants of those funds to other organizations? If yes, please list the sub-grantees, and provide full contact information for each.

Is the project a capital project or will the funds support operating costs?

Provide the oversight and management structure, including accountability measures, of the project. Who will oversee and be accountable for the administration/management of the project?

What performance standards will be used to evaluate whether the program or project supported by the funds meets its mission?

Has the organization or any potential sub-grantees been subject to sanction or litigation by State, Local, or Federal governments in the past five years? If so, please provide details.

Community engagement and support is crucial in determining which projects are worthy of Federal funding. To that end, please describe or include evidence of community support that were compelling factors in the Member's decision to submit this project request. You may include any relevant links to information posted on your website, or online, including letters of support.

Homeland Security and Related Appropriations Eligible Accounts

Pre-Disaster Mitigation Projects:

Only projects that meet the requirements detailed in the most recent Notice of Funding Opportunity for the Building Resilient Infrastructure and Communities (BRIC) grant program will be considered for funding, including the cost-share requirement and environmental and historic preservation requirements, as applicable. For any projects designated for funding in the final fiscal year 2022 Homeland Security Appropriations Act, the state agency responsible for administering mitigation grants in the requestor's state must submit an application to the Federal Emergency Management Agency, and that entity will serve as the administrative agent for the grant. Therefore, all project proposals must be accompanied by a letter of support from the appropriate state agency affirming that it believes the project is eligible.

Nonprofit Security Grant Program Projects:

Only projects that meet the requirements detailed in the most recent Notice of Funding Opportunity and the Preparedness Grants Manual for the Nonprofit Security Grant Program (NSGP) will be considered for funding. For any projects designated for funding in the final fiscal year 2022 Homeland Security Appropriations Act, the respective state administrative agency (SAA) must submit an application to the Federal Emergency Management Agency, and the SAA will serve as the administrative agent for the grant. Therefore, all project proposals must be accompanied by a letter of support from the appropriate SAA affirming that it believes the project is eligible.

Emergency Operations Center Grant Program:

Only projects that meet the requirements detailed in the most recent Notice of Funding Opportunity for the Emergency Operations Center Grant Program, including the cost-share requirement and environmental and historic preservation requirements, as applicable, will be considered for funding. For any projects designated for funding in the final fiscal year 2022 Homeland Security Appropriations Act, the respective state administrative agency (SAA) must submit an application to the Federal Emergency Management Agency, and that agency will serve as the administrative agent for the grant. Therefore, all project proposals must be accompanied by a letter of support from the appropriate SSA affirming that it believes the project is eligible.

Homeland Security Community Project Request Form

Note: Only non-profit entities and state and local government entities are eligible to request projects. Projects cannot be designated for private individuals or for-profit entities. The Subcommittee will only accept legally eligible requests under the following accounts: Pre-Disaster Mitigation Grants, Nonprofit Security Grants, Emergency Operations Center Grants.

General Questions, with Additional Questions Below for Specific Accounts

Entity Requesting Funds (legal name, no abbreviations):

Primary Point of Contact (name, email, phone number, organization address):

Project Priority (if non-federal sponsor is submitting more than 1 project):

Project description (not more than 1,000 characters):

Include a budget describing in detail how the requested federal funding will be used by the grantee.

Include an explanation of why the project is a good use of taxpayer funds.

Has this request been submitted to another Member, if yes, which Member(s) and who is the staff point-of-contact?

Pre-Disaster Mitigation Projects

Is the requesting jurisdiction a state, Indian tribal government, local government, or territory as defined by section 102 of the Robert T. Stafford Disaster Relief and Emergency Assistance Act (42 U.S.C. 5122)?

Is the proposed project eligible under the most recent Notice of Funding Opportunity for the Building Resilient Infrastructure and Communities grant program? Please attach a letter of support from the appropriate state agency affirming that it believes the project is eligible.

How will your organization fund the required non-federal cost share, consistent with 2 CFR Sections 200.29, 200.306, and 200.434?

Please provide a Cost-Benefit Analysis or other documentation that validates cost-effectiveness, which is defined by FEMA as having a Benefit-Cost Ratio (BCA) of 1.0 or greater? A non-FEMA BCA methodology may only be used if preapproved by FEMA in writing.

How is the proposed project consistent with the goals and objectives of a FEMA-approved state, territorial, or tribal mitigation plan and the adopted mitigation plan of the local jurisdiction?

Describe how the project provides long-term permanent risk reduction, i.e., it is not used for emergency protective measures:

Describe how the project takes into account future conditions:

Describe how the project supports the needs of vulnerable populations:

Does the recipient specifically encourage the adoption and enforcement of the latest disaster resistant building codes?

Please describe or include evidence of community support for this project request, including letters of support and any relevant links to information.

Nonprofit Security Grant Program Projects

Is the entity for which funding is proposed a non-profit organization as described under section 501(c)(3) of the Internal Revenue Code of 1986 and exempt from tax under section 501(a) of such code?

Is the proposed project eligible under the Nonprofit Security Grant Program per the most recent Notice of Funding Opportunity and the Preparedness Grants Manual?

Is the entity for which funding is proposed able to demonstrate that it is at high risk of a terrorist attack?

Does any derogatory information, as well as any potentially mitigating information, exist that would render the entity potentially unsuitable for receiving a grant from the Department of Homeland Security?

Please describe or include evidence of community support for this project request, including letters of support and any relevant links to information posted online.

Emergency Operations Center Grant Program

Is the requesting jurisdiction a state, Indian tribal government, or local government as defined by section 102 or 602 of the Robert T. Stafford Disaster Relief and Emergency Assistance Act, 42 USC 5122, 5195a?

Is the proposed project eligible under the most recent Notice of Funding Opportunity for the Emergency Operations Center Grant Program? All project proposals must be accompanied by a letter of support from the appropriate SSA affirming that it believes the project is eligible.

Can the requesting jurisdiction provide the required 25 percent non-federal cost share?

Is the requestor in a position to enhance their emergency management capabilities and address their Emergency Operations Center needs?

Please describe or include evidence of community support for this project request, including letters of support and any relevant links to information posted online.

Interior, Environment and Related Appropriations Eligible Accounts

Department of the Interior – Land Acquisition Through the Land and Water Conservation Fund

(LWCF): Federal acquisition of lands and water and interests therein must be for the purpose of land and habitat conservation and the encouragement of outdoor recreation, as established by the Land and Water Conservation Fund (LWCF) Act of 1965. Land acquisition project requests funded from the LWCF should be requested through the agency that would manage the land being acquired. The four land management agencies are: within the Department of the Interior, (1) the Bureau of Land Management, (2) the Fish and Wildlife Service, (3) the National Park Service; and within the Department of Agriculture, (4) the Forest Service. Third party organizations (i.e. The Nature Conservancy, Trust for Public Land, etc.) frequently participate in the federal acquisition process by coordinating the negotiation and purchase of tracts. If the project you are requesting involves a third-party organization, please be mindful that funding for a land acquisition project goes to the agency that will manage the land. The Great American Outdoors Act of (Public Law 116-152) and the Consolidated Appropriations Act, 2021 (Public Law 116-260) mandates that the president submit, along with the upcoming fiscal year's budget request, proposed and supplemental project lists. The Committee will look favorably upon requests for projects that appear in either of these lists. When submitting your request, please indicate whether the project is on these lists.

U.S. Forest Service – State and Private Forestry: The Forest Service is an agency within the Department of Agriculture. Requests that do not fit into the described categories below are unlikely to be eligible for funding under the Forest Service.

The State and Private Forestry account provides technical and financial assistance, usually through the network of State Foresters, to improve the management, protection, and utilization of the Nation's forests. Community projects are usually limited and include various specific urban and community forestry projects and specific forest disease or pest treatment areas. Members may also request specific State fire assistance projects or specific forestry assistance projects in this account. The Committee will look favorably upon requests for projects that are listed on any federal or state ordinal list or are clearly demonstrated to meet the goals of a State Forest Action Plan(s).

Environmental Protection Agency – State and Tribal Assistance Grants (STAG) for certain water

infrastructure projects: The vast majority of requests made to the Interior Subcommittee are for STAG infrastructure grants. These grants fund local wastewater and drinking water infrastructure projects. This includes construction of and modifications to municipal sewage treatment plants and drinking water treatment plants. Similar to past practice, the Committee will be limiting STAG infrastructure grants only to projects that are publicly-owned or owned by a non-profit entity and that are otherwise eligible for the funding from that state's Clean Water or Drinking Water State Revolving Funds (SRF) loan programs. Privately-owned projects are NOT eligible for infrastructure grants, even if they are otherwise eligible for assistance under a SRF program. The Committee will look favorably upon requests for projects that are listed on a state's most recent Intended Use Plan.

There is a minimum 20% cost share requirement for any portion of a project funded through a STAG infrastructure grant. For example, a \$1 million project could receive a maximum of \$800,000 from the Federal government, with the remaining \$200,000 the responsibility of the grantee. In almost all cases, other federal funds cannot be used to meet this 20% cost share. Ability to fund the 20% cost share is required before EPA can award a STAG grant. Please note that only the non-federal portion of assistance provided by a SRF can be applied towards a project's matching requirement.

STAG projects have very specific eligibility requirements, and the Committee will not consider projects that do not meet those requirements. The following table lists some of the project types that are ineligible for STAG grant funding:

Projects that generally ARE NOT eligible for STAG Grants

Clean Water / Waste Water		Drinking Water	
1.	Land , except for projects described in the subsequent table under eligibility #11	1.	Dams or rehabilitation of dams
2.	Operations and maintenance costs	2.	Operations and maintenance costs
3.	Non-municipal point source control	3.	Water rights , except if the water rights are owned by a system that is being purchased through consolidation as part of a capacity development strategy or if the water rights purchase is covered by EPA's DWSRF Class Deviation for Water Rights 2019
4.	Acid rain drainage correction	4.	Reservoirs , except for finished water reservoirs and those reservoirs that are
			part of the treatment process and are located on the property where the treatment facility is located
5.	Ambient water quality monitoring	5.	Laboratory fees for monitoring
6.	Flood Control Projects , unless the project is otherwise managing, reducing, treating, or recapturing stormwater	6.	Projects needed mainly for fire protection
7.	Privately owned sewer pipes	7.	Projects for systems that lack adequate technical, managerial, and financial capability, unless assistance will ensure compliance
		8.	Projects for systems in significant noncompliance, unless funding will ensure compliance
		9.	Projects primarily intended to serve future growth

Projects That Generally ARE Eligible for STAG Grants

Clean Water / Waste Water

Drinking Water

<p>Wastewater treatment plants, including sludge handling facilities - new, upgraded (increase in treatment level) or expanded (increase in treatment capacity) facilities, including biological facilities, mechanical, a lagoon system, a land treatment system, or individual on-site systems.</p>	<p>1.</p>	<p>Facilitate compliance with national primary drinking water regulations or address serious risks to public health including non-regulated contaminants (i.e. PFAS).</p>
<p>Collector Sewers - Small sewers that convey wastewater from residences, commercial establishments, and industrial sites to larger interceptor sewers.</p>	<p>2.</p>	<p>Rehabilitate or develop water sources (excluding reservoirs, dams, dam rehabilitation and water rights) to replace contaminated sources</p>
<p>Land - The leasing and fee-simple purchase of land, including surface and subsurface easements, needed to locate eligible municipal or tribal projects, and land integral to the treatment process (e.g., land for effluent application or recharge basins), and a place to store equipment and material during POTW construction. Municipal purchase of land and/or conservation easements for source water protection are also eligible.</p>		
<p>Water Reuse - Projects involving the municipal reuse or recycling of wastewater, stormwater, or subsurface drainage water. This includes but is not limited to the purchase and installation of treatment equipment sufficient to meet reuse standards, distribution systems to support effluent reuse, recharge transmission lines, injection wells, and equipment to reuse effluent (e.g., gray water, condensate, and wastewater effluent reuse systems).</p>		
<p>Capital Nonpoint Source Pollution Control Projects – e.g., river or streambank restoration, agricultural best management practices (i.e., buffer strips, manure containment structures), wetlands restoration, etc.</p>		

<p>Interceptor Sewers - Large sewers that convey wastewater from collector sewers directly to a wastewater treatment facility.</p>	<p>3.</p>	<p>Install or upgrade treatment facilities</p>
<p>Sewer Pipes - Rehabilitation is eligible only if pipes are publicly owned.</p>	<p>4.</p>	<p>Install or upgrade storage facilities, including finished water reservoirs, to prevent microbiological contaminants from entering the water system</p>
<p>Outfall Sewer - A sewer that conveys treated wastewater from a wastewater treatment facility to the receiving waters (i.e., a river, stream, lake, ocean, etc.).</p>	<p>5.</p>	<p>Install or replace transmission and distribution pipes to prevent contamination caused by leaks or breaks in the pipe, or improve water pressure to safe levels</p>
<p>Storm Water Management – Measures to manage, reduce, treat, or recapture stormwater or subsurface drainage water (i.e. storm sewers, green infrastructure, etc.).</p>	<p>6.</p>	<p>Projects to consolidate water supplies – for example, when individual homes or other public water supplies have a water supply that is contaminated, or the system is unable to maintain compliance for financial or managerial reasons – are eligible for DWSRF assistance.</p>
<p>Combined sewer overflow (CSO) control and sanitary sewer overflow (SSO) control - Combined sewers are sewers that convey both wastewater and storm water and may overflow during periods of heavy rain. The costs to correct CSO and SSO overflow problems are eligible.</p>	<p>7.</p>	<p>Land is eligible only if it is integral to a project that is needed to meet or maintain compliance and further public health protection.</p>
<p>Infiltration/Inflow Correction - Construction activities that prevent surface water or groundwater from entering the sewer system</p>	<p>8.</p>	<p>Project planning, design and other related costs</p>
<p>Water Security -- These projects include installation or upgrade of physical security infrastructure such as lighting, fencing, monitoring and access control. Also, cybersecurity measures, installation of safer treatment technologies, and more secure storage of on-site treatment.</p>		
<p>Septic Tanks -- Remediation, rehabilitation, removal and replacement of failing tanks are eligible, as well as installation of new tanks where none had previously existed.</p>		

Interior & Environment Project Request Form

Note: Only non-profit entities and state and local government entities are eligible to request projects. Projects cannot be designated for private individuals or for-profit entities. The Subcommittee will only accept legally eligible requests under the following accounts: Federal land acquisitions through the Land and Water Conservation Fund (Note: The Subcommittee will accept requests for these community projects after the release of the full President's budget.); Environmental Protection Agency State and Tribal Assistance Grants for certain water infrastructure projects; certain State and Private Forestry projects within the U.S. Forest Service.

General Questions, with Additional Questions Below for Specific Accounts

Entity Requesting Funds (legal name, no abbreviations):

If this entity is a non-profit, please include documentation that the entity is a registered 501(c)(3) under the Internal Revenue Code of 1986.

Primary Point of Contact (name, email, phone number, organization address):

Project description (not more than 1,000 characters):

Amount requested:

Total project cost:

FY 2022 President's Budget Request (if applicable):

FY 2021 enacted level (if applicable):

Can the project obligate all of the appropriated funds within 12 months after enactment (yes/no)?

Estimated start and completion dates for the project:

Include a budget describing in detail how the requested federal funding will be used by the grantee.

Include an explanation of why the project is a good use of taxpayer funds.

Include evidence of community support (examples: letters of support from local governments; press articles highlighting the need for funds; support from newspaper editorial boards; evidence the project is listed on State intended use plans, community development plans, or other publicly available planning documents; resolutions passed by city councils or boards):

Has this request been submitted to another Member, if yes, which Member(s) and who is the staff point-of-contact?

For Land and Water Conservation Fund Project for BLM/FWS/NPS/USFS:

Is the requested project on either the president's proposed or supplemental LWCF project list submitted by the agency?

For Environmental Protection Agency, State and Tribal Assistance Grants, Clean Water/Drinking Water infrastructure Projects:

Please indicate whether this is a Clean Water SRF project or a Drinking Water SRF project.

Does the project have (or expects to have within 12 months) its 20 percent matching fund requirement?

Is the project on your state's most recently finalized Clean Water/Drinking Water State Revolving Fund Intended Use Plan? Please provide documentation or link to online list.

Has the project received federal funds previously? If so, please describe amounts, sources, and fiscal years.

For Forest Service, State and Private Forestry Projects:

Has the project received federal funds previously? If so, please describe amounts, sources, and fiscal years.

Is the project ranked in a priority setting system/list? If so, please provide list name and rank.

(If landscape scale restoration) Does this project meet the eligibility requirements of the Landscape Scale Restoration program as listed in the instructions on the Forest Service website?

(If landscape scale restoration) How does this project meet the goals of the State Forest Action Plan(s)?

(If Forest Health Management) Is this project treating a specific insect, disease, or invasive plant infestation listed in the FY21 Forest Service Budget Justification?

(If Cooperative Fire Assistance) If a State project, how does this project meet the goals of the State Forest Action Plan? If a local project, how does this project support community mitigation efforts?

(If Forest Stewardship) How does this project meet the goals of the State Forest Action Plan?

(If Urban and Community Forestry) How does the project meet the goals outlined in the 2016-2026 Urban Forestry Action plan?

(If Urban and Community Forestry) Further, how does this project "Conserve working forest landscapes, protect forests from harm, and enhance benefits associated with trees and forests"?

(If Urban and Community Forestry) Does the project meet at least the 50-50 match requirement?

Labor, Health and Human Services, Education and Related Appropriations **Eligible Accounts**

Note: This subcommittee previously received requests for community project funding to construct or renovate buildings. Health facilities are the only types of construction projects normally eligible for community project funding in the Labor-HHS-Education bill.

Department of Labor – Workforce Innovation and Opportunity Act Demonstration Program:

These projects must meet all statutorily mandated requirements, except that they are exempt from the requirement to compete. In addition, all projects must: 1) Include direct services to individuals to enhance employment opportunities; 2) Demonstrate evidence of a linkage with the State or local workforce investment system; and 3) Include an evaluation component. Equipment purchases may be included within community project funding only as an incidental part of the entire project. A similar standard applies to curriculum development, which should be incidental to the project's emphasis on direct services to individuals. Community project funding cannot be used for construction or renovation of facilities.

Department of Health and Human Services – Health Resources and Services Administration

(HRSA): The Subcommittee has historically provided community project funding only in the categories listed below. Requests that do not fit into one of these categories are unlikely to be eligible for community project funding under HRSA.

Health Facilities Construction and Equipment—grants to help with the cost of construction, renovation, or capital equipment for facilities for provision of health, mental health, or substance abuse services, training of health professionals, or medical research. Examples of eligible facilities include hospitals; health centers and clinics; skilled nursing facilities; mental health centers; facilities for schools of medicine, nursing or other health professions; and medical research laboratories. In addition to construction and renovation, grants can be used to acquire capital equipment, such as lab equipment or x-ray machines. Equipment-only grants—that is, grants not involving construction—are permissible (and commonly done). Generally, any equipment having a useful life of more than one year and a unit cost of at least \$5,000 will be eligible as capital equipment. In addition, equipment with lower costs may also be eligible, provided that it is treated as an item of capital expense under the recipient institution's pre-existing, written accounting policies. Equipment expenses for health information systems and electronic medical records systems are permitted expenditures. The costs of expendable supplies such as pharmaceuticals, lab chemicals, or office paper are not eligible. HRSA Health Facilities grants cannot be used to acquire land or purchase existing buildings, or to pay salaries or other operating costs. They cannot be used to pay for work previously completed. Grants can be used for architectural and engineering costs associated with an eligible construction project, but cannot be used for general feasibility studies.

Health Professions Education and Workforce Development—grants for projects to improve education and training of health care professionals, or to analyze health workforce trends and needs.

Rural Health Outreach—grants for projects to improve health care in rural areas. Examples of eligible activities include medical, dental, or mental health care services, health promotion and education, chronic disease management, and improvements to emergency medical services. Grant funds can be used for services only in areas that meet HRSA's definition of rural. For lists of eligible areas and further information regarding that definition, see: <https://www.hrsa.gov/rural-health/about-us/definition/index.html>

Rural Health Research—grants to support research on rural health problems and ways of improving health care in rural areas.

Telehealth and Health Information Technology—funding for telemedicine, distance learning, or use of information technology to improve health care.

Department of Health and Human Services – Substance Abuse and Mental Health Services

Administration (SAMHSA): Community project funding must fall under one of the following categories:

Mental Health—grants to support programs that promote the prevention or treatment of mental health disorders, including rehabilitation, outreach, and other support services.

Substance Abuse Treatment—grants to support programs that improve access, reduce barriers, and promote high quality, effective treatment and recovery services.

Substance Abuse Prevention—grants to support programs to prevent the onset of illegal drug use, prescription drug misuse and abuse, alcohol misuse and abuse, and underage alcohol and tobacco use. Community project funding cannot be used for construction (other than a limited amount of renovation necessary to carry out a funded project).

Department of Education – Innovation and Improvement: Elementary and secondary education community project funding includes instructional services, afterschool centers, curricula development, teacher training, acquisition of books and computers, arts education, social and emotional learning activities, full-service community schools, and early childhood education. In general, the focus of elementary and secondary education community project funding should be providing early childhood or K-12 educational services.

Community project funding to provide and improve special education services at the elementary and secondary levels are also eligible under elementary and secondary education. Community project funding may include early intervention services for infants and toddlers, transition services, and postsecondary education services.

Eligible grantees are state education agencies, school districts, colleges and universities, and other public and private nonprofit entities. Generally, community project funding intended for individual schools is provided to the applicable school district and not directly to the individual school.

Community project funding cannot be used for construction or renovation of school buildings, except in the case of minor remodeling required as part of technology upgrades. Daycare and childcare projects that do not include educational services are also not eligible.

Department of Education – Fund for the Improvement of Postsecondary Education (FIPSE):

Community project funding can be designated under this heading for a wide variety of higher education projects. Generally, community project funding should focus on improving access to, or the quality of, postsecondary education. Community project funding cannot be used for construction or renovation of academic buildings, except in the case of minor remodeling required as part of technology upgrades.

Examples of the types of projects that can be funded under FIPSE include projects to hire and train faculty, establish and improve degree programs, improve teacher preparation programs, develop and improve curricula, upgrade technology and telecommunications, acquire science laboratory equipment, provide student support, implement university partnerships with school districts, and establish research and training centers.

Grantees are usually colleges and universities, but may include other public and private nonprofit organizations.

Limitations on Education-Related Community Project Funding: Again, except where specifically authorized, community project funding cannot be used for construction (or the acquisition of property) or renovation.

Labor, Health and Human Services & Education Project Request Form

Note: Only non-profit entities, public institutions, and state and local government entities are eligible to request projects. Projects cannot be designated for private individuals or for-profit entities. The Subcommittee will only accept legally eligible requests under the following accounts: Department of Labor—Employment and Training Administration—Training and Employment Services; Department of Health and Human Services—Health Resources and Services Administration—Program Management; Department of Health and Human Services—Substance Abuse and Mental Health Services Administration—Health Surveillance and Program Support; Department of Education—Innovation and Improvement; Department of Education—Higher Education. To be considered, the project must be legally eligible for grants under these accounts and comply with all applicable laws, rules, and regulations related to the specific grant program.

Entity Requesting Funds (legal name of the non-federal project sponsor, no abbreviations):

Is this organization a non-profit? If so, please attach evidence that the organization is a registered non-profit under section 501(c)(3) of the Internal Revenue Code of 1986.

Transportation, Housing and Urban Development Eligible Accounts

Local Transportation Priorities: Highway and transit capital projects eligible under title 23 and title 49 of the United States Code. Eligible projects are described under Section 133(b) of title 23, United States Code. Tribal and territorial capital projects authorized under Chapter 2 of title 23, United States Code, are also eligible.

Local Transportation Priorities are highway and transit capital projects eligible under title 23 and title 49 of the United States Code. Eligible projects are described under Section 133(b) of title 23, United States Code. Tribal and territorial capital projects authorized under Chapter 2 of title 23, United States Code, are also eligible. All projects must be:

- Capital projects or project-specific planning/design for a capital project;
- Supported by the state or local government that would administer the project. Inclusion on a Statewide Transportation Improvement Plan (STIP) or Transportation Improvement Plan (TIP) would satisfy this requirement.
- Administered by public entities.

The Subcommittee will not fund activities that are administrative in nature even if they are eligible expenses under the statutory citation. These include general operating expenses, and activities required under sections 134 and 135 of title 23, United States Code.

Airport Improvement Program (AIP): Projects for enhancing airport safety, capacity, and security, and mitigating environmental concerns in accordance with sections 47101 to 47175 of title 49, United States Code, and FAA policy and guidance.

AIP community project requests may be used for enhancing airport safety, capacity, and security, and mitigating environmental concerns. All projects must be:

- AIP eligible in accordance with sections 47101 to 47175 of title 49, United States Code, and FAA policy and guidance.
- Supported broadly by local stakeholders, including residents, businesses, and elected officials.
- Administered by an airport and/or airport sponsor.

Department of Housing and Urban Development - Economic Development Initiative (EDI): Site acquisition, demolition or rehabilitation of housing or facilities, construction and capital improvements of public facilities (including water and sewer facilities), and public services are eligible. Funding is not limited to these identified eligible activities.

EDI community project requests may be used for economic and community development activities, including land or site acquisition, demolition or rehabilitation of housing or facilities, construction and capital improvements of public facilities (including water and sewer facilities), and public services. Requests may also include planning and other activities consistent with the underlying authorization for the Community Development Block Grant program within HUD. EDI community project requests are not eligible for the reimbursement of expenses for activities already undertaken (including debt service or debt retirement). All projects must be: 1) Supported broadly by local stakeholders, including residents, businesses, and elected officials, and 2) Administered by governmental or non-profit entities, including public housing agencies, as well as tribes and tribally designated housing entities.

Transportation, Housing and Urban Development Project Request Form

Note: Only non-profit entities, public institutions, and state and local government entities are eligible to request projects. Projects cannot be designated for private individuals or for-profit entities. The Subcommittee will only accept legally eligible requests under the following accounts: Department of Transportation - Local Transportation Priorities; Department of Transportation - Airport Improvement Program (AIP); Department of Housing and Urban Development - Economic Development Initiative (EDI). To be considered, the project must be legally eligible for grants under these accounts and comply with all applicable laws, rules, and regulations related to the specific grant program.
